### Teaching & Learning

For the following essay questions, tell us about how you/your nominee teaches in formal and/or informal learning environments. For all questions, we're looking for stories from classrooms and advising situations. Don't just give headlines and the usual big-picture responses. Tell about the specific work and the effects of this work on students. Be specific; details are more helpful than broad generalizations. (Each response should be 500 words or less).

8. How do you/your nominee make sure that their classes attract, include and inspire all students? How do you/your nominee recruit students as part of the movement to broaden participation in computing to girls and under-represented minorities in tech? What are some of your/your nominees successes? \*
